

Waialua

(Continued from Page 8)

showing a "dark horse," so the battle will rage.

In the women's events, there is no doubt that Mildred Slight Hooper will add about 10 points to her 15 by taking first in the 440 freestyle and 220 backstroke.

Loretta Gillisple and Cecily Cunha will swim against Mildred in the 440. Loretta is always just behind Mildred in all of her swims, so we know that she has a good chance for first or second at the least.

However, little is known of Cecily as she is a mainland swimmer. Some years ago the name Cecily Cunha was synonymous with championship swimming on the Pacific Coast. Cecily is a big powerful swimmer and has the heart of a lion, when she races she will battle for first place until the finish of the race. And it will not be a surprise if the first place in the 440 freestyle for women goes to the curly haired swimmer. Cecily Cunha is an island girl, but has lived on the coast for many years, just a few months ago she returned to her native land and took up the colors of the Outrigger Canoe Club.

When she swims today she will have a large following of the old timers who recall the stirring days when she and Lily Bowmer, Helen Moses, Ruth Scudder, and Mariechen Wehselau used to thrill the crowds by breaking records right and left.

The Williams brothers will be seen trying to outdo each other in the 100 yards for boys under 16.

Alvarez, the champion diver of Hawaii, will entertain the crowds with an exhibition of tower diving, and let it be known that he can dive.

Reynolds Burkland, the sage of Waikiki gazed in his crystal volleyball and announced that the 220-yard backstroke for men, Hawaiian championship event will be a thriller, for as he said, when Harris, Hutchison, Berg, King, Kaniga, Woodd, and Waidlich get together "foam will fly, foam will fly."

Following is a list of events for today:

- 440 yards freestyle for men H.C.
- 440 yards freestyle for women H.C.
- 100 meters breaststroke for Service.
- 100 yards freestyle for boys under 16.
