

WOMEN SWIMMERS.

AS is the case among the men, stars are also being developed among the women. It's been some time since local fans have seen such great swimmers as Helen Moses, Mariechen Wehselau and Janice Lovett in action. But with the fast development of Olga Clarke, the Slight girls, and a few others, it won't be long before the former greats will be eclipsed by the present stars in brilliance.

Clubs such as the 40 and 8, Out-rigger and the Citywide A. C., are making great strides in developing women swimmers.
