

# OUTRIGGER CANOE CLUB MAKES PLANS FOR VOLLEYBALL

At an enthusiastic meeting of 30 members of the Outrigger Canoe club, on Wednesday evening, plans were divulged and discussed for extensive activities in volleyball. Following a beach supper held on the club lanai various members of the volleyball committee told of plans and rules for a club tournament. After considerable discussion and suggestions by the members present it was decided to form a club volleyball league to consist of about six teams, that a tournament be held lasting four months and that games be played on Mondays, Wednesdays and Fridays under standard volleyball rules. Teams will be made up of as nearly equal strength as possible in order that all degrees of players be given an opportunity to participate.

## TEAM CAPTAINS

Captains for teams in this league were chosen and voted upon and are as follows: "Elmer Pitcher" Kraft, Waldo "Schoolboy" Bowman, George "Push" Perry, Mark "Coolhead" Westgate, David "Dad" Center, "Tommy" Singlehurst, Richard "Brains" Janda.

Practically all of the 30 members present signed up as signifying their desire to play in the league and members not present

are asked to sign up with the club manager at the club or with any team captain if they wish to play in the league. Schedule of games and date of first games will be posted at the club with a complete list of line up of teams and it is the hope of the committee that play will be started early next week.

In addition to these plans a team was organized to play in the businessmen's tournament. This team consists of older men and a first series of games was played at the Central YMCA the Outrigger club playing the Lions club team on Thursday evening, the 21st.

## TO ENTER AAU LOOP

Another team of active younger players was also organized who will enter the AAU tournament, and who have already arranged for practice games with the Elks club and the Fire Department teams and who are open to challenge games from any organized team in the Territory. Any team wishing games with this team are asked to call Elmer Kraft, telephone 5775 from 8 to 4 p. m. or call the Outrigger club at any hour. While the club at present has two outdoor courts, a third court is being erected and future plans are being arranged for junior player tournament activities and a doubles tournament for club members.

The members present at the meeting were enthusiastic about the plans and the get-together-dinner and many suggestions were made that such dinners and rallies be held monthly to stimulate interest and club spirit.
