

Outrigger Club

(Continued from Page 12)

members who are eager to participate.

The renewal of sailing outrigger canoes has rapidly gained in favor. Each week-end has seen many sailing parties leave the beach and under the tutelage of Dad Center many youngsters are learning the intricacies of steering and sailing. Several sail races have been held, creating great interest amongst both malihini visitors to Waikiki and members of the Outrigger and Hui Nalu clubs.

While the Outrigger Club owns the greatest number of canoes on the beach, the many activities have stimulated such interest that Gay Harris, club captain, states there is a serious shortage in available canoes. Plans are now afoot to provide, if possible, more equipment to fill the needs.
