

Outriggers Race Sunday

Second Race In Pualani Topping Trophy Will Be Held

Sunday morning, starting at 10 o'clock, the second race for the Pualani Topping trophy will be held. There have been several changes made by the various skippers in their canoes. No changes would be allowed in the area of sail carried by the different canoes, but some have found that they can have their mainsail increased and dispense with their jibs and spinnakers and still have the same area, and this has been done on the Amalu canoe and some others.

Tommy Kiakona, who was skipper for Jack Briscoe has all but withdrawn as he can find no suitable canoe for the large sails he carries. He thought for a time that he would take the Pualani canoe, but decided against this after a trial spin.

Topping Adds To Crew

Bob Topping has added Sally Hale and George Perry to his crew. Hale will do the steering and Perry will hold the sheet and sail. These additions coupled with the fact that the Waikiki Beach Patrol has placed their prize, the "Ka Moi" canoe at Topping's disposal, should make this entry a dangerous competitor. This is the canoe which went to Maui under motor power and has never been under sail. Several trial sails have been made, and while the skipper is not quite satisfied with its performance, onlookers said it seemed very fast.

Skippers Meet Today

All skippers who are entering the sailing races, and those who are planning to compete in the paddle race on Sunday are asked to meet at the Headquarters of the Waikiki Beach Patrol today at 2:30 p.m. to draw for lanes in these races.

In addition to sailing and paddling races there will be surfboard polo and a race for redwood surfboards conforming to Hawaiian Championship specifications, over a quarter mile course. All persons interested are asked to place their entries with Sally Hale by 10:00 a.m. Sunday. The beach sports start at 2:30 p.m.
