

THE NEW OUTRIGGER CANOE CLUB

The Outrigger Canoe club is a typically Hawaiian institution which Honolulu cannot afford to lose.

For 31 years it has been a beach headquarters for thousands of local residents and visitors. It has become a familiar part of the scene which includes Diamond Head, the Waikiki surf and Waikiki beach.

Yet like any man made institution its physical parts are run down. Time and the elements have taken their toll and the buildings are no longer adequate nor proper for the role which the club has long assumed.

It was for this reason that the officers and directors began the present drive to rebuild the club, to provide suitable housing and recreational facilities for the institution itself.

If you can help the new Outrigger Canoe club don't fail to do so. It is a part of Honolulu. Waikiki would be a different and poorer Waikiki without it.
