

New Outrigger Club Opened In Preview

More than 1,000 persons visited Honolulu's new Outrigger Club Saturday as the Waikiki club held its preview opening.

While the club is not quite completed, visitors expressed their pleasure with the new establishment, which will hold its official opening on March 15.

Walter J. Macfarlane, president of the club, said that the general reaction to the club was very favorable. "If it continues to get the reception it was accorded Saturday, there is no doubt that the club will be a tremendous success," he said.

The club is making arrangements for parking, and officials hope to obtain the use of a parking lot next door or across the street, Mr. Macfarlane said.

The club will be prepared to serve food by next weekend.
