

Aloha Lines

By RICHARD WEINBERG

As a courtesy to clipper passengers, Pan American Airways has obtained for them the use of the new Outrigger Canoe club at Waikiki. The air line will present each passenger with a week's guest membership.

This applies to persons arriving here by steamer to continue by plane as well as travelers who come in on a clipper, either passing through or remaining here. The only exception is for permanent residents of the islands.

"The purpose of this typical Pan American Airways gesture," says Bob Stimpson, local sales representative, "is to extend the 'Hawaiian hospitality,' begun by gifts of flower leis and fresh pineapple juice at clipper arrivals, throughout a passenger's visit in Honolulu."
