

#

All set for the big opening of the Outrigger Kamehameha Day, June 11! **Walter Macfarlane**, president of the club, and **Jack Bowden**, manager, have worked out with the different committees a swell program which will appeal to all the members both old and new.

The "aliis" who be in the club have arranged a dinner dance with the bar going for broke, beach activities including paddling and canoe events, canoe tug of wars and a real house warming that will last all day. All members are being urged to attend.
