

TROPICAL ATMOSPHERE: All upholstery in the new Outrigger Canoe club lounge is accomplished in chartreuse and varying shades of marine blues to blend with ocean and palms outside. Tables and chairs shown here have been lowered and chairs provided with swivel backs to add to the comfort of members.

OUTRIGGER LOUNGE: Comfortably arranged in artistic groupings of specially made oak tables and chairs, the modern new lounge of the Outrigger Canoe club views the beach and the sea from the second floor of the clubhouse building. Note the matching sisal rug in the room's center.
