

WANTS WAIKIKI BEACH CLOCK REPAIRED

Editor The Advertiser:

Some twenty years ago, as I recall it, H. F. Wichman and Company gave a clock to the public. This clock has kept time for Waikiki beachgoers for all these many years, and now the clock has stopped. In the interest of the public, I feel that this matter should be taken up by someone whose interest is in the people.

I have been a beach fan for many years now, and I have always been able to guess the appropriate time by the sun. However, with daylight saving time I have not exactness that I used to have. I heard many people mention the fact that the clock has stopped running. I took upon myself to write you with the hope that you would be able to influence the proper authority to have the clock put back in running order.

Feb. 14.

AN ENTHUSIASTIC WAIKIKI FAN.
