

Big Season In Net Play Looms

At a recent meeting the AAU Volleyball Committee met with senior team representatives to work out plans for the coming senior league. From all indications, the biggest and best volleyball tournament ever conducted in the islands will commence on June 20. The league will be known as the YMCA Centennial Senior AAU Volleyball Championship league.

The following teams have entered: Police A. A., CHA3, Dragons, Wong's A. C., Gaspro, Pirates, U. S. Army Air Corps and U. S. Army. Two other teams, Firemen A. C. and the Outrigger C. C. may enter. As will be noted, the Army, thru Capt. A. Mahikoa, Recreation Officer, has entered two teams, and it is understood that present Army tournaments are bringing out a wealth of material, including several players who have competed in state and national tournaments. Local civilian teams have been practicing for two months and are in excellent condition.

It is planned to charge a small admission to the games to cover the expenses of the tournament, but the fans can rest assured that they will get more than their money's worth at the games. Special rates will be given to service men.

The committee wish to inform all teams that all approved lists of players with AAU Reg. numbers must be submitted before or at meeting on June 1. Team entries close on June 1, but additions to rosters may be made, provided they are approved. Drawings for schedule will be made on Thursday.
