

within a block distance. He was then approached by a naval officer, who was called all sorts of disgusting names, but finally walked out on the beach.

Fifth—He again trespassed at another point and offered to “lick” the beach attendant, whom Mr. Ford calls a 4F and suggests that he is husky enough to work at the Navy Yard. This 4F proceeded to eject the sailor and the other two men with him they then jumped the beach attendant. However all three were lifted bodily and placed out of bounds.

Sixth—The beach attendant (4F) is a man over 50 years of age and does work at Pearl Harbor on the swing shift and does beach work as part time.

Seventh—While all the above was happening, the guard at the Royal Hawaiian, within 50 yards, was asked to come over and take charge of these drunken, disgraces to the uniform. He replied “I can’t leave my post.” I am sure he witnessed and heard the whole affair and made no move to do a thing about it.

Mr. Ford, before making any accusations, get your facts straight.
