

Outrigger Sets Sports Program

With the appointment of a new athletic committee, the Outrigger Canoe club is making a concentrated drive to regain its prominence in canoe, surfboard, swimming and body surfing racing as well as in volleyball.

In preparation for the Walter MacFarlane memorial beach program July 8, canoe paddling is being held daily at 5 p.m. The great racing canoes are being readied for the races.

During the summer a special effort will be made to give proper instructions to the girls and junior members of the club in canoe and surfboard paddling and swimming.
