

DOING A COMMUNITY SERVICE

The Outrigger Canoe club is to be congratulated on the way it is moving out to sponsor a comprehensive sports program.

Jerry and Bob Weiller are already attracting national attention in the National AAU Handball tournament in San Francisco.

At the same time Duke Kahanamoku is in the coast city trying to interest swimmers and team sport aggregations in setting up relations with Hawaii.

Duke is well received wherever he goes, and his own sports record is world famed.

The club can sponsor many such activities that will be a credit to the community and may lead to the development of a full-fledged athletic club for the community.
