

Robert Fischer Will Supervise Phone Directory

Mutual Telephone Co. announces the appointment of Robert Fischer as directory supervisor, succeeding T. C. B. Gibson, who retired June 30.

A well known Honolulu resident since 1920, Mr. Fischer had been associated with Mutual since December, 1931, when he started with the interisland radio department at the Ulupalakua, Maui, station.

Before October, 1947, Mr. Fischer held the position of rate engineer. Following a study of mainland directory practices at Dallas and Cincinnati last year, he became assistant directory supervisor, acting in that capacity until the present time.

Active in civic circles, he is chairman of the Outrigger Canoe club's athletic coordinating committee and a member of Jaycee Oldtimers.
