

# **Surf Conditions Unusual at Waikiki**

Surf conditions at Waikiki are unusual for this time of year, and the earthquakes off the Big Island probably have something to do with it, says Sally Hale, one of Waikiki beach's better known personages.

Mr. Hale of the Outrigger Canoe Club has been watching surf for 45 years, ever since he was 4 years old.

"This time of year, as a rule, the surf is not very good," he noted today, "but lately we've been having some that's really all right.

"The ocean is all milky and muddy. The quakes seem to be shaking up the bottom."
