Kailua Site Eyed As Annex For Outrigger Club

Special to The Advertiser

KAILUA, Oct. 20 — The Outrigger Canoe club of Honolulu is investigating the possibility of establishing a Windward branch in Kailua.

Site being considered is that presently held by the navy under lease from Kaneohe Ranch Co. The beach property on Kalahea Ave. in Kailua is that on which the Kailua Annex Officers' club stood until it was destroyed by fire several months ago.

THE NAVY LEASE on the property, which terminates this December, will not be renewed and the property will be available for other use. Under the terms of the lease the navy will restore the improvements which existed on the property prior to the fire or pay a comparable sum of money to the ranch company which would use it for the benefit of the next tenant.

If the Outrigger club takes over the site it will offer swimming, tennis, volleyball and other sports, dining facilities and accommodations for those members who wish to spend a weekend or longer at the club.

INTERESTED IN LEARNING how many windward residents would be prospective members, the club has suggested that those who would wish to join contact Mrs. William Prange or Mrs. K. Russell Gregg for further information.
