

Board Rules Out Powered Outriggers

There will be no mechanized outrigger canoes in Waikiki.

The Board of Harbor Commissioners yesterday denied the request for operation of outboard motors in the Popular Surf area yesterday.

The decision followed a one-hour hearing which at one point became fairly heated as the pro-motor and anti-motor factions went to bat before the Board.

Such well known Hawaiian figures as Duke Kahanamoku, and Splash Lyons were on the anti-motor side of the fence looking over at motor-minded Sally Hale, Gay Harris, William Kanakanui, Dad Center, Ernest Cook, and others.
