OUTRIGGER CANOE CLUB
HISTORICAL COMMITTEE MEETING
THURSDAY, JANUARY 6, 1983 - 5:00 p.m.

PRESENT : Alex Castro, Presiding; M. Moore, T. Thomas, W. Russell, K. Pratt, S. Rose, J. Mrantz, B. Vieira, D. Machado

EXCUSED : W. Barnhart, S. Kea, M. Young

ABSENT : E. McMahon

CALL TO ORDER : The meeting was called to order at 5:03 p.m.

APPROVAL OF MINUTES : The minutes of the December 2nd meeting were approved with the following correction of one sentence to read: "Mr. Percy Deverill's portrait was presented to Mrs. Young by Mr. Castro in salutation for her continous perseverance in reminding the Committee that the picture of Mr. Deverill, a past president of the Club, was not hung like those of other Presidents in the Board Room".

OLD BUSINESS

Archives Report : Ms. Moore has collected some extra photographs and also reminded Committee about identifying photos of paddlers. Mr. Thomas and Mr. Barnhart reported that they will be in touch with Fred Hemmings and Tommy Haine towards getting photos identified as soon as possible. Mr. Castro presented to Ms. Moore old Outriggers to be stored.

Oral Histories : Mr. Thomas will turn in R.Q. Smith's oral history as soon as the transcribing is done (about one more hour of work). Cline Mann's oral history to follow. Mr. Pratt presented oral histories of Ronald Higgins and Francis Bowers to Mr. Castro. He also mentioned to the Committee that a tape for Bonnie Turner is being borrowed.

Photo Protection : Mr. Mrantz reported on the Pro-Tecta-Cote product which works against bugs and moisture with a crystal or plastic coating. The Committee approved of the samples Mr. Mrantz passed around at the December 2nd meeting. Mr. Russell moved; duly seconded and carried that this process of Pro-Tecta-Cote be used to preserve photos. Mr. Mrantz will demonstrate the application of this product to the Committee. A Sub-Committee was organized for photo protection, members being S. Rose, J. Mrantz and M. Moore. They will do sorting and spraying of the photos. Photos that need re-storing will be separated. Mr. Castro will speak to Mr. Ludwig about a pest control for the archives. Mr. Pratt reminded Committee about the memo on the de-humidifier. Mr. Vieira will get a copy of this memo to the Committee.

Hui Nalu History : Hui Nalu History report put on hold due to S. Kea's absence.

Past Presidents : Discussion was open regarding the president during the years of 1927-29, believed to be Lorrin P. Thurston. Committee needs

presidential list and photos for inclusion in the 75th Anniversary material. Mr. Vieira stated that the Outrigger will feature various eras in the Club's history in 6 issues. Sub-Committee on this project will meet with Ms. Moore.

NEW BUSINESS

Library Committee: A discussion ensued regarding the merit of organizing a reference library this year. Mr. Castro volunteered to prepare a paper outlining the pros and cons of the matter as well as the role of the Outrigger Foundation. The paper will be presented at the next regular meeting of the Committee.

NEXT MEETING : The next meeting will be held Thursday, February 3rd at 5:00 p.m.

ADJOURNMENT : The meeting was adjourned at 5:55 p.m.

A majority of our members have attended each monthly meeting, and their many activities between meetings are related herewith.

Our Archivist, Marjorie Moore is a most faithful and industrious volunteer. In addition to the usual archival chores, she has pursued a program to preserve our photographs, some of which are fading and others deteriorating from years of careless handling and poor storage. In this effort she has been assisted by Joe Mrantz, Susan Rose and Eugenia McMahon. These members are also presently at work on plans to de-humidify the archive storage areas.

The Oral History interviews have continued on schedule. To date, there are 27 characters (I should say "personalities") whose recollections of Club events and their own experiences have been recorded. These tapes have also been transcribed. The tapes and transcriptions are in the Archives. Margaret Young and Kenneth Pratt have been in the forefront of this time-consuming effort. So far, the tapes that you may listen to and the transcriptions you may read

feature the following:

Ernest T. Chase	Jack MacKenzie
Newt Cottrell	Harry Steiner
Joe Stickney	R. Q. Smith
Mariechen Jackson	J. Ward Russell
Ronald Higgins	Francis Bowers
J. Albert Minvielle	Lorrin P. Thurston
Ruth Scudder Gillmar	Lillian Bowmer Mackenzie
Frederick Steere, Jr.	Hellen Moses Cassiday
J. Atherton Gilman	William J. Mullahey
R. Alex Anderson	Herbert M. Taylor
Josephine Hopkins Garner	Gerd Hiorth Blodgett
J. Cline Mann	Vernon McQueen

If you will think for a moment, you will realize that some interviews that might have taken place did not, and now never will, but we are fortunate to have recorded the voices of many of our prominent old timers who are now no longer with us.

In February of last year we stated at the Annual Meeting that the Committee had taken its first steps toward publishing Volume II of "The Outrigger." Those were firm steps that faltered. A poll of the membership was taken, and in response to 2,336 questionnaires sent out, only 361 responses (15%) were received. Of those responses, only half were in favor of Volume II. An analysis of the returns was made by Ward Russell which led to a recommendation by this Committee that the project be "indefinitely suspended." The Board of Directors concurred.

Ward Russell has completed work on the design and material specifications for a President's Plaque, a rectangular wooden shield on which would be attached metal plates, bearing the names of past Club Presidents. The project has been turned over to the Board of Directors, so very soon now, on some selected wall you will be able to gaze upon the list of our venerable leaders over the past 75 years.

Speaking of past Presidents, the portrait gallery of these men is now complete, due to the diligence of Bill Barnhart, Margaret Young and Kehau Kea. A visit to the Board Room will confirm that.

We wish to make sad note of the recent passing of one of the original members of the Historical Committee. Francis Leigh Jeckell died in Kelowna, British Columbia on October 25th last year. FRANK, Francis, the former owner of the Hawaiian Wax Museum, helped organize our book "The Outrigger", in 1971.

For sometime now there has been an "on-again, off-again" consideration of initiating a reference library which would be a natural outgrowth of the archives. If the Library project becomes a reality, it will become the major ~~new~~ effort for the Historical Committee during the upcoming year. The initial phase will be based on an appeal to all members for contributions from their own libraries. Such contributions will be tax-deductible items for the contributors.

We are most appreciative of the cooperation of our manager, Mr. Ludwig, and of the valuable and cheerful assistance of members of his staff, particularly Miss Jon Hop and Miss Patti Leong. Our Coordinating Director, Bob Vieira, has been most helpful in his role and has handled with dispatch all communications between the Board of Directors and the Committee.

Once again, we are pleased to report that our operations were carried on well within our budget. And that would seem to be a happy note on which to conclude this annual report.

Mahalo and Aloha!

Suggestions for the Outrigger Canoe Club's 75th Anniversary

(Fred Rainey)

1. Slide Show- a series of slides drawing from both archive and old private photos and new photos of the club and various activities could be set up in one of the club's rooms during the month of August. A carousel projector could be in continuous use; a tape of an older member's recollections or a planned narration would be an ideal compliment to the mixture of old and new slides being shown. Are there any club members involved in putting such shows togther? I know that Cindy Turner and Hugo de Vries would be glad to give an estimate for shooting the photos and providing new slides.

2. Press Releases- Before and during the month of August, at least one press release should be issued to the local newspapers, relating the history of the club, its importance in the continuation of Hawaiian sports, illustrious members, and so on.

3. Parties- will there be any special parties or anniversary theme dinners in August? If the idea of a continuous slide show is imprcticle, this would be a good time to set a show up and have it personally narrated. Perhaps a "turn of the century" costume party might be a fun excuse to get into the mood for the club's 75th.

The Outrigger's 75th Anniversary: A Remembrance of Things Past

As of next May, the Outrigger Canoe Club will be in its 75th year of operation. We have come a long way from 1908, when the Club consisted of a grass shack, to today's handsome facilities.

In honor of the anniversary year, *The Outrigger* will be publishing a series of photographs from the archives; the first appear in this issue. Many that we found are in poor condition, most are unidentified, but all provide a fascinating glimpse into yesteryear.

We need your help. If you can identify any of these photographs, or have any of your own showing the Club and members in days past, please contact Marjorie Moore of the Historical Committee, or Fred Rainey of the Public Relations Committee. Any help, or additions to the files, will be greatly appreciated.

Senior Four Crew of 1952 Labor Day Races. Won by 12".

Loooong Rough Water Swim

By Jim Anderson

It's Saturday the day before Sunday December 19, race day. The weather is terrible, very windy. Many think Hurricane Iwa is still with us. Participants from all over the Island are calling the organizing committee to ask if the Swim is still on.

The skipper of one of the official boats called at midnight to announce that all people associated with this event were crazy. Small craft warnings had been up for several days, were escalated to gale warnings Saturday morning and further advanced to storm warning that night. He was positive that nobody, particularly someone driving a boat, could survive in these conditions.

The problem was that all these people questioning the wisdom of the organizing committee weren't looking at the water off Waikiki. The wind was such that it caused considerable damage on Oahu but the waters off Waikiki were in the lee of the storm and remained calm.

The race started at 8 a.m. from Sans Souci Beach, with defending champion Kaili Chun leading a group of 59 swimmers. Kaili led all the way to the Ala Wai Harbor and back to the final turn buoy off Sans Souci Beach, when Jay Buckley passed her. With one last burst of speed near the finish line, Kaili passed Jay and finished 14 seconds ahead of him. Her winning time was 1 hour 40 minutes 15 seconds for the five-mile course!

As a safety measure, each swimmer was required to have an escort. The escorts worked as hard as the swimmers and deserve a big mahalo. Several OCC members were among this stalwart group, Tommy Iverson, Tommy Holmes (not bad for a guy who collapsed and required hospitalization while running the Marathon a week before), Eddie Lee, Neal McHenry, Mike Corboy, plus several others. Beach Captain Wayne Faulkner drove one of the official boats and helped keep everybody on course.

OCC's Diane Stowell repeated as a winner of her age group and Richard Sylva, a winner in 1981, had to settle for second in the 1982 swim. The National Distance Swimming Champion of Norway, Steiner Robarth, came 9,500 miles to discover that Hawaii's swimmers are faster at short distances. Give him a 20-mile or more race and he is right at home. Steiner finished 11th overall and first in his age group. He left with a smile and an excellent tan, something very very few Norwegians have at this time of year.

Paul Manaut, Mary Quinn, Mike McFadden, Walter Shulits, Michael Spalding, Ron Carlson, Doug Kilpatrick and Jim Anderson finished with creditable times.

The winner of each age group received a swimsuit, courtesy of Speedo Swimsuits.

Everyone had a good time, the food at the awards banquet at the Aquarium immediately following the race was excellent and of course Budweiser's donation was eagerly consumed by all. It was so much fun that there are rumors there might be a Third Possibly Annual Event.

Mahalo from Bill Capp

I want to thank all the members who were so kind and caring during my hospitalization for a slight stroke. My thanks also to the Weight Room personnel for their contribution to my speedy recovery. Prior to my stroke, I had been working out for a solid 15 months! The doctors at Tripler told me they had never seen such a fast recovery; went into Tripler on the 5th and was out on the 15th and am back working out with half the weights as before. Again, Mahalo Nui Loa to all.

MEMORANDUM

To: Alex Castro, Chairman
Historical Committee

From: Marjorie Moore

Re: Archives

On Thursday, March 10, I went to the Bishop Museum to get some guidelines for setting up the Club's archives, and was lucky to have two very competent staff members give me information which I think can be helpful to us - Lynn Gilliland in the Conservation Lab. - Paper; and Betty Kim in the Photo division.

Lynn suggested that the first step for us would be to get our photographs out and decide which are of historical value, which are of value only to the Club - which we want to keep, and which we don't.

a) Those of value: We should find out if they are originals.

b) We should, if possible, locate photographers (reproducing pictures can be 'sticky' if the photographer or his heirs are still around).

c) If the photos have real historic value and are in bad shape, they should not be restored. They should be rephotographed and the copy retouched, but the valuable original should be kept safely 'as is'.

(Never write on the back of a picture with a ballpoint pen - use only pencil)....

While going through the above steps we should be preparing our storage cabinets. They should be free of all 'wild life' and free of humidity. All items received in the photo lab. are fumigated upon receipt before they are catalogued.

The Museum's collection is catalogued by categories - architecture, people, plants, scenes, sports (broken down into separate subjects, if necessary). 4x5, 5x7 and 8x10 prints are placed in Kodak triacitate sleeves with acid balance card stock on which identification can be typed. These are stored in metal cabinets or Hollinger boxes...No spray is used...They have a card index for people....The sleeves also come in 11"x14" size.

Negatives are kept in separate files (actually in an air conditioned room). Each negative is numbered on the edge and placed in a Kodak sleeve with acid balance card, as are the small prints.

Larger photographs can be stored in map cabinets or Hollinger boxes of approximately the same size. It is possible that we wouldn't want to get into the map cabinets because of cost.

Memorandum - 2 March 16, 1983

The Hollinger line is expensive, but good - acid free, of course. Items of lesser quality may possibly be obtained in Honolulu, but the companies weren't mentioned in our conversation as the Museum uses Hollinger.

Also not delved into deeply was the reproduction of prints. I mentioned that we had thought of Irving Rosen. It was acknowledged that he is good, and that we shouldn't go to a regular commercial photographer to have this type of work done...I got the feeling that the Museum does restoration and so the subject was touched lightly.

Regarding our prints mounted on masonite: The question is, are they originals? The Museum can lift the print off the masonite - but it would be expensive. The Museum doesn't regard masonite very highly!

While in the Photo Lab. I met Outrigger member Reynolds Burkland of 999 Wilder who spends three days a week in that lab. as a volunteer. He had sent me a note identifying the people in the photos printed on pages 1 and 2 of the March issue of the Outrigger. He has been a member of the Club since 1922 and is a knowledgable volunteer at the Bishop Museum having worked there for three or four years. He said he would be glad to help us with identification of our old photos. I believe he could be very helpful to us.

I have written for catalogues from Hollinger Corp., Conservation Resources International and Light Impressions.

While at the Museum I purchased one small Hollinger box and 50 sheets of silicone tissue for the permanent storage of our Oral History originals which are typed on acid-free paper.....Total cost - $11.00.

Alexander Hume Ford

By Fred Rainey

A gadfly, a dreamer, a salesman, a mystery. Alexander Hume Ford, founder of the Outrigger Canoe Club, was all that and more. Appearing in Hawaii early in this century, he embarked on a multifaceted career that spanned four decades.

Ford's background was varied—he introduced himself as a former newspaper man—and few knew him well, yet his name would become familiar to many and his accomplishments varied. A visionary, Ford created the Pan-Pacific Union, almost the prototype of the League of Nations, and founded the Mid-Pacific Magazine, which was published for 26 years. Always gathering needed help thanks to his infallible sense of purpose and salesmanship, he exuded energy and excitement for every mission he pursued.

Yet upon his first arrival in Hawaii, Ford did not make much of an impression. Indeed, he left soon after, returning a year later, 1908, to make his lasting mark.

Always interested in different cultures, Ford was captivated by the Hawaiian people and was disturbed by the decline of Hawaiian traditions. This concern led to the idea of creating a club that would encourage the "royal sport" of surfing and provide changing rooms and beach access to those who had no easy access to good surfing areas. He proposed the idea to a group of young surfers he met on the beach, and although they were at first skeptical, he soon had gained support from local businessmen and the Outrigger Canoe Club was born.

Ford was the Club's first president, from 1908 to 1909, and his legacy remains. The vision of this one man has grown to become the Club as we know it today. We must be grateful that 75 years ago Alexander Hume Ford saw that a valuable part of our lives was dying and created an institution to keep it flourishing.

The Growing Years

When Club founder Alexander Hume Ford departed the Island for a lengthy Mainland stay, Judge Sanford B. Dole, first governor of the Territory of Hawaii, assumed the helm as president of the young club.

Judge Dole's administration saw the construction of a big new pavilion and clubhouse, marking the Club's gradual transition from an aquatic sports club for men and boys to the more exciting concept of a sports and social organization.

Just as Dole's presidency was a turning point in the Club's early history, so another man was to contribute immeasurably to the Club's development, especially in the area of athletics. He was George David Center—better known as "Dad." A natural athlete whose specialties were rowing, swimming and surfing, he joined the Outrigger in 1917 and was later appointed Club Captain, a post he held until 1938 when he relinquished some of his responsibilities to become Honorary Captain. It was under Dad Center's tutelage that OCC swimmers, paddlers, surfers and even volleyball teams achieved the excellence they maintain to this day.

The annual Dad Center Race for women paddlers is a lasting tribute to this great athlete, who died in 1962. He was buried with traditional beachboy ceremonies in the waters off his Diamond Head home.

Outrigger Neighbors

By Leighton Taylor

Alexander Hume Ford, our Club's first president, was undoubtedly familiar with an early Outrigger Neighbor, the Waikiki Aquarium. The Neighbors you have read about in this column live and swim around our Club's reefs but are also on display a few doors down Kalakaua Avenue. The Aquarium has been proud neighbors of the Outrigger Club (in both locations) for the past 75 years. In fact, the Aquarium actually has a few years on the Outrigger because it was founded in 1904 and celebrated its 75th anniversary in 1979.

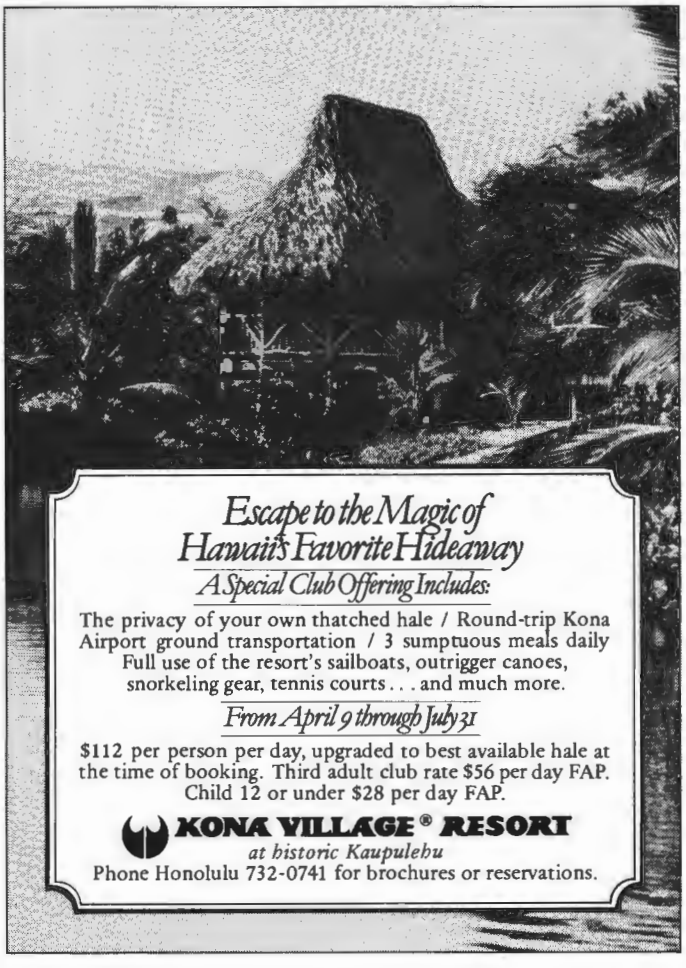
In addition to sharing ripe old age, both the Aquarium and today's Club share a historical landlord, James Castle. Mr. Castle and Charles Cooke founded and built the Aquarium (then called the Honolulu Aquarium) at a site about a hundred yards to the ewa side of the present building. For the sum of $20,000, the Honolulu Aquarium was built as a profit-making enterprise to encourage riders on the trolley line (on whose Board of Directors both Mr. Cooke and Mr. Castle sat as members). In 1919, Mr. Castle's lease on the Aquarium land expired, and the administration of the Aquarium was transferred to the University of Hawaii (which is not quite the same as being owned by the Elk's Club, but which I'm sure has similarities).

Many Club runners are familiar with the "joggers' rest" gazebo located on the mauka side of Kalakaua just ewa of the present Aquarium. This marks the site of the original "end of the line" for the trolley, and a small section of the trolley line is preserved near the water fountain.

Jack London was a noted and regular visitor to the original Aquarium during his stay in Waikiki. In addition to assisting in the planning for the original Outrigger Club with President Ford (see page 31 of *The Outrigger* book), London found time to dash off a short review of the Aquarium for its first guidebook: "I never dreamed of so wonderful an orgy of color and form. Each time I visited the Aquarium I spent fascinated hours, and each time I had literally to tear myself away."

Regardless of your opinion of colorful orgies, I hope you visit the Aquarium soon, to visit the Club's fellow-septuagenarian neighbor.

This trolley (and earlier version of it) carried riders to the Aquarium in Kapiolani Park beginning in 1904. The Aquarium was founded by James Castle, one of the directors of the trolley company.



Bed Race

By Emary Lucas

It was the Club's first Carole Kai Bed Race and the day was picture-perfect for a parade down Kalakaua Avenue as well as the race which was to follow.

In terms of goodwill, Outrigger did well being the only canoe club to enter. We also fielded the best-looking men the club had to offer. This was attested to by the whistles and cheers the men drew from the women along the parade route. And our queen, Gina Jenkins, was certainly the cutest, if not the lightest, of the queens participating.

At around 10 a.m., OCC's bed began the trek down Kalakaua Avenue to Kapiolani Park. Each bed in the parade vied for the "Best Decorated," "Most Comical," or "Best Hawaiian Theme" trophies. OCC's bed was one of 80 in the parade. Jim Stackhouse of the Entertainment Committee got things rolling (literally) with what could be called the Mr. Hawaiian Muscle and Body Show: Keahi Farden, Bob Riley, Henry Ayau and John Finney all pushing petite Miss Jenkins.

The Club's bed race runners got as far as two heats where they were bested by the team from the Army's 25th Infantry Division. That's all right Outrigger, wait 'til the next race.

A big thanks is due to the subcommittee of the entertainment committee: Leilani Kekoolane, Jim Stackhouse, Kris Smith, Betty Rogers, Jim Kainoa and Carolyn Corrigan. A big cheer to our queen, Gina Jenkins, and to the runners and parade walkers: Henry

PARADE WALKERS: From left: Jim Stackhouse, Keahi Farden, Bob Riley, Henry Ayau, John Finney, and Queen Gina Jenkins.

Ayau, race coordinator; Bill Breeden, John Finney, Billy Foytich, Tim Guard, Walter Guild, Marc Haine, Karl Heyer, Tommy Holmes, Kala Judd, John Mounts, Gordon Quigg, Mike Rodrigues, Dana Rupey, Randy Shaw, and Levi Stanley. A special thanks to Max Telford, team trainer.

OUTRIGGER CANOE CLUB
HISTORICAL COMMITTEE MEETING
THURSDAY, MAY 5, 1983 - 5:00 p.m.

PRESENT : A. Castro, Presiding; F. Braunschweiger, J. Mrantz, E. McMahon, M. Moore, D. Machado, M. Young, T. Thomas, H. White, J. Matthias, B. Grimshaw, A. Brightman, K. Pratt, W. Russell

EXCUSED : B. Vieira, B. Barnhart, B. Kea, S. Kea, S. Rose

CALL TO ORDER : The meeting was called to order at 5:00 p.m.

APPROVAL OF MINUTES : The minutes of the April 7th meeting were approved as circulated

REPORTS

Club Day slide show : Mr. Castro reported that flyers did not print times the slide show was being presented. Attendance in the morning and afternoon was sparse. The presentation of the slide show was a first and the Committee can now review and revise the show, additional slides to be added. Mr. W. Russell reported he did not see any pictures of the construction of the present Clubhouse. This chapter will be one of many to be added to the modification of slides. Fred Rainey and Monty Costa were commended on their achievement of the 75th Anniversary slide show.

De-humidification : Mr. Castro met with Mr. Wallace Kawamura, contractor and cabinet maker, regarding archives cabinets. He made a few suggestions about felt-linings on back of frames and anchoring the left hand doors to stop any rattling. Mr. Kawamura will give the Committee an estimate. The Board's decision to change the archives area into an Executive Dining Room is not yet final. Mrs. Young moved, duly seconded and carried, that a written recommendation to the Board be submitted for the archives and library to be brought down to the Board Room should their decision be reached to change the archives area into an Executive Dining Room.

Oral Histories : Mr. K. Pratt had an interview with Mr. Thomas Singlehurst. He has completed a rough transcription from the tape. Both have been turned over to Mrs. Young. Mr. T. Thomas highly recommended that the Committee propose to the Board that Mr. Singlehurst be considered for Life membership. Mr. Thomas moved, duly seconded and carried, the proposal be submitted as soon as possible. Mr. Thomas presented R. Q. Smith's oral history and would like Mr. Smith's photograph attached to each copy. Mr. Castro has contacted Mr. Cline Mann to remind him to complete the transcript of his oral history. Mr. Castro will approach Mr. Lex Brodie for an interview. Mrs. Young mentioned a possible list of "longest-term" members. Mr. Castro appointed Mrs. J. Matthias to form a list of these members as to age and length of membership. Mrs. E. McMahon made a recommendation that Eva Pomroy

be interviewed. Anita Brightman was appointed to interview Eva.

Old pictures : Old pictures were removed because of wall preservation 2½ years ago and were never returned. Mr. Castro has mentioned this to several Directors, and positive action is expected soon.

Archives : Ms. Moore has collected enough Outriggers for binding. J. Mrantz will handle binding of the Outriggers. Six oral histories have also been found. Mr. Castro and Ms. Moore sifted through pictures in the archives and brought photos that have no identification and pertinent value. The Committee went through these photos. Arrangements will be made to leave them in the lobby for interested members to take.

NEW BUSINESS : Mr. D. Machado made a suggestion of putting together an actual record along with a narrator, using selected paragraphs from oral histories. D. Machado and M. Young have been selected as the Committee's newly formed Historical Narrative Sub-Committee. Mr. K. Pratt added that compliments to Archivist, Ms. Moore, be extended in getting a 1948 copy of the Outrigger for him.

NEXT MEETING : Next full Committee meeting, Thursday, June 2nd at 5:00 p.m.

ADJOURNMENT : The meeting was adjourned at 6:00 p.m.

Gentlemen:

Now that our archives are reasonably organized, we have received requests to use copies of some of our photos for publication.

Other private organizations have made a practice of accomodating legitimate requests of this nature, and we believe that we should as well (if only as a public relations gesture). But such accomodations should be subject to the following rule:

"Copies only will be sold to approved recipients who will pay for all costs relating to the making of same. All copies will be made by the O.C.C. Any publication of material obtained from the Outrigger Canoe Club will be accompanied by a "courtesy" bi-line."

The rule should apply as well to club members who might wish copies for personal use.

Please indicate your approval for our records.

Respectfully submitted,

Gentlemen:

We understand that you are considering the conversion of the CD dining area into an Executive Dining Room. If this comes to pass, the existing archive lockers and library shelves now there will certainly be displaced by more appropriate accoutrements.

Perhaps this would be the proper time to permanently re-locate the archive and library materials in the Board Room. The existing shelves and bookcases along the "Diamond Head" wall of that room would accomodate these valuable materials for a long time to come. Those facilities are only sparsely used at present. In addition, the stored materials (photos, graphics, printed reading matter) need protection from the "ehu-kai" which now accelerates their deterioration. An air-conditioned atmosphere would help solve the preservation problem.

We appreciate your consideration of this suggestion, and await your reply.

Respectfully submitted,

We are pleased to nominate Thomas G. Singlehurst to be a Life Member in our Club. Tom's contributions to the welfare of the Outrigger are numerous and meaningful. Most notably, during World War II, when he stood in for many officers and key persons who were called away for wartime duties, his faithful services entitle him to special recognition.

MEMORANDUM July 7, 1983

To: Alex Castro, Chairman
Historical Committee

From: Marjorie Moore

Re: Photo Copies

At the last meeting I was asked to contact companies which would be capable of reproducing photographs in our Archives as the occasion arises:

Anderson's Camera Shop sends color orders to Light, Inc. or N. H. Color.

Light, Inc. copies only color, but will restore black & white prints made by Photoplant, Inc.

The Photoplant, Inc. specializes in black & white. Their price list was given to me by Light, Inc.

Camera Hawaii works with both color and black & white.

Price lists for Light, Inc., The Photoplant and Camera Hawaii are attached.

Photos submitted for reproduction will have to be taken out of frames.

Camera Hawaii is the company that made the enlargements for our 75th Anniversary, its owner, Werner Stoy is a member of OCC.

Fred Rainey, a member of our PR Committee, recommends Photoplant - says they are considered tops by professionals.

Attached are a couple of rough forms to be used in ordering photos...They need to be checked for errors and omissions and revamped for final acceptance.

Accompanying this memo are ~~five~~ four photos from our Archives which Leonard Leuras has asked to have copied...He has been waiting for over a month for these photographs and has been told he should have them within a week of this date. He can be reached at 523-9337...

CALL TO ORDER : The meeting was called to order at 5:00 p.m.

APPROVAL OF MINUTES : The minutes of the July 7th meeting were approved as circulated.

REPORTS

Archives : Mr. Castro reported that the carpentry estimates are late. The contractor discovered there are four or five other materials that may be used for de-humidification. He will get estimates on these materials by next week.

B. Vieira reported the latest on archives being moved to the Boardroom. Sid Snyder has recommended that the Committee present goals and space needed so that adequate storage can be provided in the Boardroom for archival material.

At last meeting, the names of 4 photo finishing organizations were presented for consideration. Committee needs only 1 central finisher. Mr. Castro had asked for recommendations from J. Watts. Ms. Moore assumes that the archives are being sprayed every Monday as discussed with Mr. Ludwig.

Ms. Moore turned over the April, 1980 issue of the Outrigger to Mr. Mrantz. Mr. Mrantz has put out a call for missing Outriggers.

Hanging of old pictures : Mr. Castro has found pictures that were hanging in the bar and should have been re-hung. They have been taken to the archives. Six or eight of them were chosen to be of some historic value and he recommends that they be re-hung.

Mr. Castro met with Mr. Miccio, House Committee Chairman, and they discussed re-framing of these photos. The House Committee will pick up expenses involving the re-framing.

The Committee was concerned as to where these pictures will be hung. Mr. Castro will speak with Mr. Miccio again before framing is done. Ms. Kea will be getting estimates. They will also need to be preserved in the meantime. Ms. Moore will bring in a sample of the Hollinger boxes for photo storage and plastic envelopes (both are acid-free) to the next meeting.

Oral Histories : A. Brightman has had no luck in getting an interview with Eva Pomroy. Eva has not been feeling well. Her interview will be set aside for now. D. Machado will be getting together with Jessie Matthias for her interview. Mr. Russell not present to discuss the Waldo Bowman interview. Ms. McMahon has been working diligently on the Winged "O" documentary and presented an excellent letter from Bill Brooks. Mr. Castro will be interviewing both Lex Brodie and Wilbur Craw on Monday, August 8th.

Hui Nalu History : Ms. Kea is still waiting for information from Fred Hemmings. She will be checking on it.
Mr. Castro appointed Ms. Josephine Garner to take over the project ascertaining the correct birthdate's of members list from Ms. Matthias.

Winged "O" : While discussing the proposed Women's division of the Winged "O", Mr. Vieira indicated that he was under the impression that this Committee had endorsed the idea. Mr. Castro brought to Mr. Vieira's attention the fact that the Committee's action at the meeting of July 7th was not tantamount to an endorsement. He quoted from the minutes of that meeting: "The Committed moved, duly seconded and carried, that it will be of service wherever historical records are needed." The chairman wanted it to be made quite clear that this motion of the Committee was the full extent of its action.

ADJOURNMENT : The meeting was adjourned at 6:15 p.m.

Aloha,

Kehau Kea has requested access to the HUI NALU historic material that I had in my possession. I have turned all HUI NALU material that was entrusted to me over to the State archives. I feel this will allow equal access to the material while assuring its safe keeping.The material includes the club constitution,minutes of the first official meetings in 1911 and other interesting material. It is my understanding that the archives will be opening a HUI NALU file.

It may be of interest to the Historic Committee to investigate the files of the State archives if you have not already done so. There are numerous club related subjects that refer to the O.C.C. including subjects such as surfing, Waikiki and Hawaiian canoes.

Outrigger has its ROOTS in surfing and Hawaiian water sports. The documented history of the club should certainly reflect that. It is interesting that over 75 years after its founding the CLUB still is noted as a leader in the traditional Hawaiian water sports of surfing and Hoe Waa.

Warmest Reagrds,

Fred Hemmings Jr.

CALL TO ORDER : The meeting was called to order at 5:01 p.m.

APPROVAL OF MINUTES : The minutes of the August 4th meeting were approved as circulated.

REPORTS

Archives : Ms. Moore has already placed a Hollinger box in the archives. She will need to know how many are actually needed. Also found were a good supply of photos delivered recently to the archives, their origin is unknown, but they were presumably left by the Public Relations Committee. Mrs. Young mentioned the fact that pictures borrowed from the archives ~~for display in the lobby case~~ have not been returned. Chairman concurred. Mr. Castro also stated the communication barrier between the Public Relations Committee and Historical Committee have posed problems. Mr. Castro and Mr. Miccio (House Committee Chairman) have discussed the possibility of re-framing the old photos that were hanging in the bar. Camera Hawaii are now in possession of some of the photos and will take a picture of each one and return same along with negatives to the Committee. The Board has not yet approved a budget for this. This is a first step in the direction of preserving old pictures for the archives. The second step will have to do with framing some of them for display purposes. Director Tom Reiner, however, prematurely asked for and secured an allocation from the Board for framing ($355.40). The amount asked for was incorrect because the list of items was incomplete. The Chairman assured the Committee that he would take every possible step to ensure that the Committee would be represented at Board meetings by its own Director, Mr. Vieira, and no one else.
Mr. Ludwig confirmed the archives are being sprayed every other week for pest control.
Mr. Ludwig also stated that the Outrigger has no copyright insurance. Mr. Castro has asked D. Machado to draw up some form of legal release.
Mr. Castro reported input from Fred Hemmings, Jr. as to identifying photos on surfing, canoeing, etc. Bill Cook is also willing to help. They might be able to supply approximate dates. R. Mitchell, W. Russell and Cline Mann were mentioned as sources of information.

Oral Histories	:	J. Matthias was interviewed by D. Machado. Mr. Machado turned over the tape to Mrs. Young. Mr. Russell had no luck with Waldo Bowman. Mr. Bowman was busily building a home on Hawaii. Lex Brodie and Wilber Craw's interview tape will be brought in Friday by Mr. Castro. Fred Hemmings Sr. will be put on hold. Mr. Victor Kahn will be asked to be interviewed by Mr. Russell. Mr. Thomas submitted his revised report of R. Q. Smith to Mrs. Young. Mr. Grimshaw has volunteered to reach Cline Mann in turning over his oral history.
Hui Nalu Histor	:	Ms. Kea has not received report from Fred Hemmings, but said that it might be located in the archives. Mrs. Young suggested that Mr. Castro ask Tita Spielman or Pinky Thompson for a copy.
Senior Birthdates	:	Mrs. Garner will be starting on the list of senior members birthdates. The Committee has decided that uninterrupted membership be noted instead of member's actual birthdates.
OLD BUSINESS	:	Mr. Thomas played a portion of the 1964 Annual Meeting. It contained Mr. J. W. Russell's speech as outgoing president.

TO : Board of Directors

FROM : Historical Committee

SUBJECT: Old photos, preservation and framing

The purpose of this report is to bring to the Board a clear picture of the Committee's program for preservation and display of old photos of Club activities. For many years these priceless memorabilia have been lying around in disarray with practically no attention being paid to preservation. Fortunately damage resulting from weathering and thoughtless handling has been less than irreparable. Restoration work, therefor, will be at a minimum.

It is proposed that all the old pictures be photographed and that negatives and contact prints approximately 3½" x 4½" be filed in a weatherproof box in the Club Archives. If properly indexed, they will be readily available for future use. To illustrate the practicality of this procedure, I have taken the liberty of having 7 of these priceless photos re-processed. Your inspection in invited. Also, your approval of Camera Hawaii's bill for this work is requested ($206.96).

There are about two dozen additional photos which should be similarly processed. But a request for funding is not forthcoming at this time.

At last month's meeting, an appropriation of #355.40 was granted by the Board for framing some of the old original photos. The amount was incorrect in that the list of items was not complete. The corrected amount is $451.92. See revised price quote from Kea's Studio, dated August 19, 1983. Your approval of this revised amount is also requested. A typical newly framed old picture is presented herewith. Note that the frame is of koa wood.

Thank you for your consideration of this request.

Attention:
Chairman, Mr. Alex Castro

Dear Alex:

It is with regrets that I must ask you to please excuse me from the Historical Committee meetings for the balance of the year. Perhaps you will remember I once told you I am unable to drive after dark...Unfortunately the early sunsets of this time of year afford me little time to drive from the club to my home in Nuuanu Valley following committee meetings. However, I would like very much to help Mrs. Josephine Garner in her research of membership files. Would you please ask her to call me at her convenience. My telephone number is 5953025.

THURSDAY, DECEMBER 1, 1983 - 5:00 P.M.

PRESENT : A. Castro; Presiding, K. Pratt, T. Thomas, J. Garner, M. Moore, B. Grimshaw, M. Young, J. Matthias, W. Russell, A. Brightman, J. Watts, K. Kea

ABSENT : R. Vieira; Coordinating Director, W. Barnhart, B. Kea, D. Machado, E. McMahon, J. Mrantz, H. White

CALLED TO ORDER : The meeting was called to order at 5:02 p.m.

APPROVAL OF MINUTES : The minutes of the November 3rd meeting were approved with the following correction: Mr. W. Russell (not Mr. Pratt) was appointed to do an oral history on Mr. Victor Kahn.

REPORT ON ASIA AND IOWA : Ms. Moore is back from her vacation in Asia and enjoyed her trip very much, especially Napa/NEPAL. Mr. Thomas had a relaxing vacation in Iowa.

ORAL HISTORIES

Waldo Bowman : Mr. Bowman will contact Mr. Russell when he is ready for an interview.

Victor Kahn : Mr. Kahn's oral interview will be finalized.
Mrs. Young reported that R. Q. Smith's interview is ready for delivery. Mr. Castro was reminded to pick up the Brodie tapes from Punahou. Clinn Mann wants to read over his oral history. The Chairman stressed that Ms. Moore not release them to Mr. Mann, but that she be present when he goes through the history.

SENIOR MEMBERS LIST : A suggestion was made to mail a notice to members asking of their original date when they joined the Club. A reply card would be designed allowing space for remarks. Mr. Castro and Mrs. Garner will follow up.

PHOTO COPIES : Alicia King and Charlie Lambert have made requests for photo copying. The negatives will be processed through Camera Hawaii. The Committee highly recommend that should any of these photos be published in a book a note should be made that photos are the courtesy of the Outrigger Canoe Club.
Mrs. Young informed the Committee that the slides and pictures from the 75th Anniversary still have not been turned in.

NEW ARCHIVES LOCATION AND LIBRARY : Mr. Castro will be meeting with Ossipoff, Snyder, Rowland and Goetz regarding the Boardroom extension that will include the archives. Accomodations will be similiar to what the archives have now. Mrs. Young suggest that Mr. Vieira bring up to the Board the matter of informing the membership of this extension.

OLD BUSINESS : Committee asked about the pictures that were recently re-framed. Mr. Castro told the Committee the photos are ready to be hung in the bar and dining areas, but it is the House Committee's

responsibility. Mr. Russell would also like to know what became of the President's plaque. The Committee asks that Mr. Vieira look into this.

NEXT MEETING : The next Committee meeting will be held on Thursday, January 5, 1983 at 5:00 p.m.

ADJOURNMENT : The meeting was adjourned at 5:55 p.m.

Aloha, Alex:

Sorry I am unable to attend the meeting on Thurs., as I explained on the phone to you the other day.

Herewith the pictures that I have now sprayed with the PRO-TECTA-COTE product, this time using the "clear gloss" lacquer, as differentiated from the "matte finish lacquer" samples I passed around at the last meeting.

As I see it, this spray still "dulls" the original glossy prints, but much less so than did the first matte spray; I think the pictures enclosed will reveal that when you and the committee inspect them. On the other hand, this clear-gloss spray tends to add a little "shine" when applied to the matte, dull prints, as you will note, particularly on the sepia matte prints.

In any event, I am of the opinion that using this product, in both finishes as the need requires, will certainly serve to protect our prints to some extent, and, when coupled with our discussed intent to use dehumidifiers within the cabinets where the prints are stored -- the end result should be a much improved and controlled situation relative to preserving the photos on hand...both recent and the oldies.

The sprays cost 8.50 per can (at Anderson's Camera) and several cans could go a long way.

Hope this information helps the committee make a decision.

See you soon.
