RE: Photograph of Walter Macfarlane and Duke Kahanamoku

In 1994 the ODKF was pleased to receive a 11 x 14 glossy black and white photo taken in the 1930's.

It is a gift to ODKF from Mrs. Muriel Macfarlane Flanders. Her brother Walter Macfarlane is shown with Duke Kahanamoku and Doris Duke (then Cromwell) at a Hawaiian party. It is a copy of a photo from the Hawaii State Archives. Should it ever be reproduced in a publication, permission would have to be secured from ODKF, and credit for the photo given to the Archives.

The Foundation would like to have this photo on display in the Outrigger Canoe Club, and make arrangements for a long term loan of the photo. Mrs. Flanders has agreed to these plans and will pay for the proper framing in accordance with the style and standards of the Outrigger Canoe Club. The Duke Room would be the most suitable site, but we would be happy to have the Historical Committee make the decision about placement.

The Outrigger Duke Kahanamoku Foundation feels it is important to show the long association between the Macfarlane family and Duke Kahanamoku, one of the namesakes of the Foundation.

We would also like to confirm that The Historical Committee has previously accepted for care another artifact, a Charles Bartlett woodblock of Duke titled "Surf King". This was donated to the Foundation in 1988 by Becky Carter in memory of her late husband, Hartwell Carter. I enclose a copy of the July 1988 Outrigger magazine concerning this gift to the Foundation.

Both items should be clearly marked as belonging to the ODKF and being cared for and displayed by the Historical Committee of the OCC.

If you have any questions about either item, please contact me at 734-1159. We should have some discussion about the photograph which is not yet framed. It is at Kehau Kea's studio, and can be framed to your specifications.

Thank you for your attention to this matter.

RE: Woodblock of Duke Kahanamoku Surfing and Photograph of Duke Kahanamoku, Walter Macfarlane and Doris Duke Cromwell

This is to inform you that we have the "Surf King" woodblock in our archives.

I have checked with Kehau Kea and she has the above photograph. I would like to suggest, however, that we delay framing it until the interior design of the club has been finished. Our Committee is waiting also, as we have photographs of Duke Kahanamoku which are planned for one wall of the "Duke Room".

I hope this is satisfactory for the present.

Life Members

OCC HISTORICAL COMMITTEE
1995-96 SENIOR MEMBER STATUS

INTRODUCTION:

Approximately ten years ago the Board of Directors asked the Historical Committee to provide assistance in selecting potential Life Members of the Club.. In accordance with the By-laws, Life Members are required to be nominated by the Board of Directors at an annual meeting and must be approved by vote of the the Club membership. The following action was taken at that time by the Historical Committee and has been continued each year since:

SENIOR MEMBER LIST--The Historical Committee list is prepared annually from the Club files. The Club computer lists the date-of-birth of each club member. Our senior member list adapts this information to show the ages of members as years and fractions. This enables the committee spreadsheet program to perform calculations such as listing the senior members by age.

DATA BASE: BOARD OF DIRECTORS--The years served on the Board of Directors by each member is recorded on the senior member list or the supplemental list. The data shown includes the year or years the individual served as President, Vice President, Treasurer, Secretary or Director.

DATA BASE: COMMITTEE CHAIRMANSHIP--The year or years which the member served as a committee chairman is recorded on the senior member list or the supplemental list.

ANNUAL REPORT

The basic report shows the entire list of senior members listed by age, in declining order, as of a selected date which is usually January 1, of the following year. Data bases showing service which has been provided are added for each member. Usually, a suplemenatal listing showing only those members who have provided service is made for ease of reading.

LIFE MEMBERSHIPS

The criteria used by the Historical Committee since the Board of Directors requested our assistance has been essentially as follows:

1. The nominee has served the Outrigger Canoe Club with "long and faithful service".In other words, he or she has put in a number of years working as a volunteer for the Outrigger Canoe Club. This does not mean that the service would have to be in a top position in the club, but members who have taken part in any activities over a long period of time would be eligible. Obviously, members who have been board members and committee chairmen would probably have spent more time on club work that those who didn't serve in those positions.

2. There is always the possibility that some club member will take some action that will bring great honor and prestige to the club. This could also be the basis for a life membership nomination.

3. The nominee should be reaching the age when the awarding of the highest honor bestowed by the club for his service is appropriate. The Historical Committee set the age critera at 80 years. Using this age insures that the number of life members is restricted, increasing the value of the award.

4. It is obvious that the Board of Directors, acting on its own authority, should retain the option for naming nominees for Life Memberships,for any reason,using any criteria. In the event a club member becomes disabled and doesn't meet the Historical Committee's criteria, such as age, the Board Should be able to nominate the individual for a life membership, if it so desires.

Respectfully Submitted,

Ernest H. Thomas
Sub-Committee Chmn.
